

RELEASE AND WAIVER OF LIABILITY
Jessica Long, Horseshoe Stables, and Horseshoe Stables, LLC

WARNING

Under Florida law, an equine activity sponsor or equine professional is not liable for an injury to, or the death of, a participant in equine activities resulting from the inherent risks of equine activities.

I am aware that horseback riding, horse care, barn care and other equine activities are athletic events which pose potentially serious risks of injuries or death to their participants. I understand that my horse(s) or I may be injured or die through no fault of myself or anyone else, because of the nature of the activity in which I am going to be engaged. I also understand that horses, even the most well trained, are often unpredictable and are often difficult to control.

With this waiver I accept notice of the provisions of the Equine Activity Liability Florida Statute-773.01-773.05, which provides that an equine activity sponsor, an equine professional, or any other person shall not be liable for an injury to or the death of a participant resulting from the inherent risks of equine activities. The definitions for participant, equine professional, and what constitutes an "inherent risk" are provided. Liability will not be limited by statute, however, where the equine professional or sponsor knew the tack or equipment was faulty, failed to make reasonable and prudent efforts to determine the ability of the participant to engage safely in the equine activity, owns or is otherwise in lawful possession of the land or facilities where the injury is attributable to a known dangerous latent condition, commits an act or omission that constitutes willful or wanton disregard for the safety of the participant, or intentionally injures the participant. Posting of warning signs alerting participants to the limitation of liability by law is also required.
